

## Digitization Grant Initiative (DiGI) 2020-2021

### Recommended Digitization Equipment List (2019)

The following equipment have been priced through AVShop ([www.avshop.ca](http://www.avshop.ca)) and Long & McQuade ([www.long-mcquade.com](http://www.long-mcquade.com)). These are cost priced (taxes not included) as of June 2019 and may fluctuate depending on place purchase.

#### Computer Recommendation (from Indigitization)

The minimum recommendations are as follows:

- MacOS 10 or Windows 10 preferred but not necessary
- Memory: 16 GB RAM or higher:
- Processor Type: Intel core i5 or i7
- 500 GB or higher, or ideally a smaller SSD (solid state drive, with a second internal 500 GB – 1 TB internal hard drive
- USB port for use with Audio Interface
- 15”-17” screen allows for adequate monitoring of digitization software processes. A second monitor is a recommended option during the digitization process. Dual monitors increase the efficiency and ergonomics and software monitoring/manipulation processes.

#### Audio (only) Equipment

<u>Qty</u>	<u>Item Name</u>	<u>Total Price</u>
1	Marantz Pro PMD-300CP Dual-deck Cassette Recorder/Player	\$199.00
1	Steinberg UR22mkII USB Audio Interface	\$179.00
1	Gator 6U Deluxe Rack Case, 19.5" Deep, Locking Lids (14 lbs.)	\$269.00
1	ART SP4x4 PRO LED Metered Power Conditioner	\$169.00
